SHENANDOAH NURSERY.

—HEADQUARTERS FOR—

APPLE SEEDLINGS.

LARGEST STOCK IN THE WEST.

Pear, Plum and Cherry Stocks.

Osage Orange, Russian Mulberry and Forest SEEDLINGS Nursery Grown

Apple, Pear, Plum, Peach and Cherry Trees by the car load. Acres of Shade and Ornamental Trees of all sizes. Small Fruits, Ornamental Shrubs and Evergreens in quantity to suit the purchaser.

SCIONS, large surplus. GRAFTS of any style made to order.

Our stock has made a fine growth and is free from all injurious insects, and includes all the leading varieties and will be graded up to the highest standard grades.  WRITE FOR PRICES.

D. S. LAKE, Prop., Shenandoah, Iowa.

APPLE SEEDLINGS.

My seedlings are grown on our new UPLAND PRAIRIE, and I am expecting some very fine plants, which I shall be pleased to quote in large or small lots.

Have been growing seedlings for the past eighteen years, and you can depend on good grades and packing.

All seedlings guaranteed to arrive in good condition. Address

J. A. GAGE,
FAIRBURY, NEB.

FRANK HANCOCK,

MATHERS, WISCONSIN,

—DEALER IN—

Sphagnum Moss.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk or in bales. Be sure to get my prices before placing your orders elsewhere.

EVERY ONE will please remember us when looking for PRICES on any of the following:

APPLE SEEDLINGS,

PEAR, PLUM AND CHERRY STOCKS.

GOOD SUPPLY.
UP TO GRADE.

ROOT GRAFTS of every description made to order and SCIONS in large supply.

Our APPLE TREES are nice, grown on UPLAND, therefore firm in texture, well-ripened wood, of a conformation, and in a condition to stand transplanting and LIVE.

With long years of experience in the above specialties and located just at the gateway of Kansas City, Mo., we can give you good satisfaction as to grade, manner of handling and quick railroad service,

No. 10

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE,

ALABAMA.

W. G. DICKSON, PRINTER.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value *THE PRACTICAL NURSERYMAN*, please accept it with our compliments. Our circulation covers a list of 2,300 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

More About Japan Plums.

The handsomest plums we have ever seen were sent to us by Butler & Jewell, nurserymen of Cromwell, Conn.—Burbanks. They were all of about the same size, and, except as to size, are well described under *Ruralisms* of August 21. They measured $6\frac{1}{2}$ inches either way in circumference, and were, therefore nearly round. In quality they seemed a shade better than *Abundance*, while resembling it in color of flesh, juiciness and meatiness. Under date of August 4th Butler & Jewell wrote us: "We have now finished marketing the *Abundance*, and for four days have been working off our Burbanks, and this week will probably finish them. Later we shall have Chabot and Satsuma. We have had specimens of the Burbank measuring eight inches in circumference.".....

It will be remembered that our own tree of Burbank was killed by a trial of the much-lauded *Dendrolene*, so that we may not speak of the Burbank from experience. All of the reports we have had except the following, all the specimens we have received, would, however, lead to the conclusion that the Burbank is larger and slightly better in quality than the *Abundance*.

C. F. McNair & Co., of Dansville, N. Y., favor us with with an important bit of their experience which goes to show that we must not hastily conclude that, because the Burbank is better in one locality, it is better in all:

"At the present time there is a strong tendency in some quarters to condemn the *Abundance* plum, and as we are orchardists and have fruited both this and Burbank this season under similar conditions, we feel competent to give positive testimony as to the two fruits. Our soil is a stiff, red clay, on a steep side-hill; ground very dry. The trees are six years old and have borne their first crop this year. Both sorts fruited too heavily, and were left without thinning purposely, but the *Abundance* are so much larger, better in color and quality, that we are surprised, and sent a plate of specimens to the State Fair at Syracuse to be in the exhibit of the Western New York Horticultural Society. The *Abundance* are larger than Bradshaw fruiting alongside, and fully equal to the best specimens of Lincoln as grown in our town; in fact, twice the size and weight of Burbank in our grounds. A report from the exhibit at the fair will corroborate our statement. The *Abundance* is a fine upright grower, while the Burbank is very sprawling in habit. Of about fifty odd kinds of plums we have in our orchard the *Abundance* is decidedly the best all-around plum. Neither it or nor Burbank rotted or fell from curculio, while all the other sorts rotted very badly and were much injured by the little Turk."

The one thing that most drew us toward the Japan plums was the fact that they (as judged by the *Abundance*, and later by *Ogon*, *Willard* and *Satsnma*) were, in the Rural Grounds, practically curculio proof. All other plums tried there—and we began 25 years ago—were not curculio proof, and the crops borne were not worth the soil the trees covered. True it is that we might have jarred the trees, as do the nurserymen and orchardists, but the first object of the Rural Grounds experiments has been to find plums that were curculio proof, improved kind of gooseberries and grapes that would yield large crops without spraying; improved varieties of all kinds harder and healthier than old kinds. —Rural New Yorker.

HUNTSVILLE, ALABAMA.

Fall of 1897 and Spring of 1898.

The publication of this list abrogates previous quotations.

Except where prices are agreed upon these quotations are subject to change without notice. See Terms and Conditions governing these quotations on another page.

ENTOMOLOGIST'S CERTIFICATE.

This is to certify that on May 21st, 1897, I personally examined all stock of the Huntsville Wholesale Nurseries, and found it entirely free from San Jose Scale and otherwise in excellent condition.

Carl F. Baker

Entomologist of State Exptl. Sta., Auburn, Ala.

DISTRIBUTING POINTS.

We are making St. Louis, Mo., Cincinnati, Ohio, Rochester, N. Y., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville on the dates named below:

For St. Louis—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th.

For Cincinnati, Rochester and Philadelphia—November 1st.

The orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

The prices quoted herein are made very low, to induce early orders, Fall shipments and Fall payments. Orders for trees to be shipped in Spring, Spring payments, will be accepted only at an advance of 25 per cent. over present quotations. This does not apply to Roses.

NEBRASKA, August 17th, 1897.—“You may tell it far and wide that for over 20 years I have had the best success with your cherries of any that I could buy. Last year \$5.00 worth of cherries were picked from one of your trees, out four year. This year three acres planted from your trees (mostly Russians) brought over three hundred dollars. Trees out five years. I want 1,000 in the Spring.”

GEORGIA, July 17, 1897.—“We fruited many varieties of Peaches this year grown on trees received from you two years ago. All are correct to label except Chinese Blood.”

For 100 rates add 1 cent each; for 10 rates add 2½ cents each to the 1000 rates.

KIEFFER--Two Years. Grafted on Branched French Seedlings

Grown from root grafts, cut back to the ground at one year and one shoot allowed to grow. They have the appearance of two year buds, and are very fine roots and tops.

Per 1000, 4 to 5 feet, \$140; 3 to 4 feet, \$125; 2 to 3 feet, \$100.

These are young, thrifty trees and we can supply several thousands.

PEACH TREES--On Peach, Leading Varieties

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from Aphid or Root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees this year. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. On orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine.

We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and makes a very nice grade for mailing. Price 30 per cent. off the price of No. 1.

No. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF No. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

STANDARD PEAR TREES--Two and Three Years.

Kieffer, LeConte, Idaho, ¾ to 1 inch, \$75; 11-16 to ¾, \$70; ¾ to 11-16, \$60; 9-16 to 5-8, \$50 per 1000.

STANDARD PEARS--One Year Buds.

Kieffer,	per 1000, 5 to 6 feet,	\$ 50;	4 to 5 feet,	\$40;	3 to 4 feet,	\$35

Cincinnati,	per 100,	25;	"	20;	"	15

STANDARD PEARS--One Year Cuttings.

LeConte, Garber, per 1000, 5 to 6 feet, \$50; 4 to 5 feet, \$40; 3 to 4 feet, \$35

PLUMS--One Year, on Plum.

Satsuma, Robinson, Pottawattamie, per 1000, 5 to 6 feet, \$65; 4 to 5 feet, \$50; 3 to 4 feet, \$30.

MULBERRIES--Very Fine.

New American and Downing, two years, per 1000, ¾ to 1 inch, \$100; ¾ to ¾, \$80; 9-16 to 5-8 \$75
Hicks', two years, same price.

FIGS.

Assorted, one year, 4 to 5 feet, \$3.50 per 100; 3 to 4 feet, \$3.00 per 100; 2 to 3 feet, \$7.00 per 100.

Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and special care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

LANDS FOR SALE.

A Rare Opportunity to Acquire a Home in the South.

We offer the following lands at HUNTSVILLE, ALA., and BILOXI, MISS., for one-third cash, balance in one, two and three years, with six per cent. interest, and will give purchasers contracts to grow nursery stock sufficient to pay the deferred payments:

One tract of 240 acres adjoining the Nurseries on the East. A small stream of never-failing pure water runs through this place. Can be divided into 80-acre tracts. Price \$10.00 per acre.

One tract of 40 acres adjoining the Nurseries on the South, watered by a never-failing stream. Price \$15.00 per acre.

HOMES ON THE GULF COAST.

One tract of 50 acres adjoining the Biloxi Nurseries, with good dwelling house and outbuildings. Price \$800.

Two tracts of 50 acres each adjoining the Biloxi Nurseries, unimproved. Price per acre \$10.00.

WESTERN LAND.

One tract of 160 acres, unimproved, in Lincoln County, Neb. Price \$800.

One tract of 40 acres, unimproved, in St. Clair County, Mo. Price \$125.

One tract of 20 acres near Grand Junction, Colorado, with water rights, \$600.

One tract of 40 acres near Fruita, Colo., unimproved, \$400.
